

Open Source at OSU

Presented at Flourish!
2009

Jeff Sheltren
Operations Manager
April 3, 2009

OSL
OPEN SOURCE LAB

Introduction

Mission

Accelerate Growth of Open Source

Why OSUOSL? A History

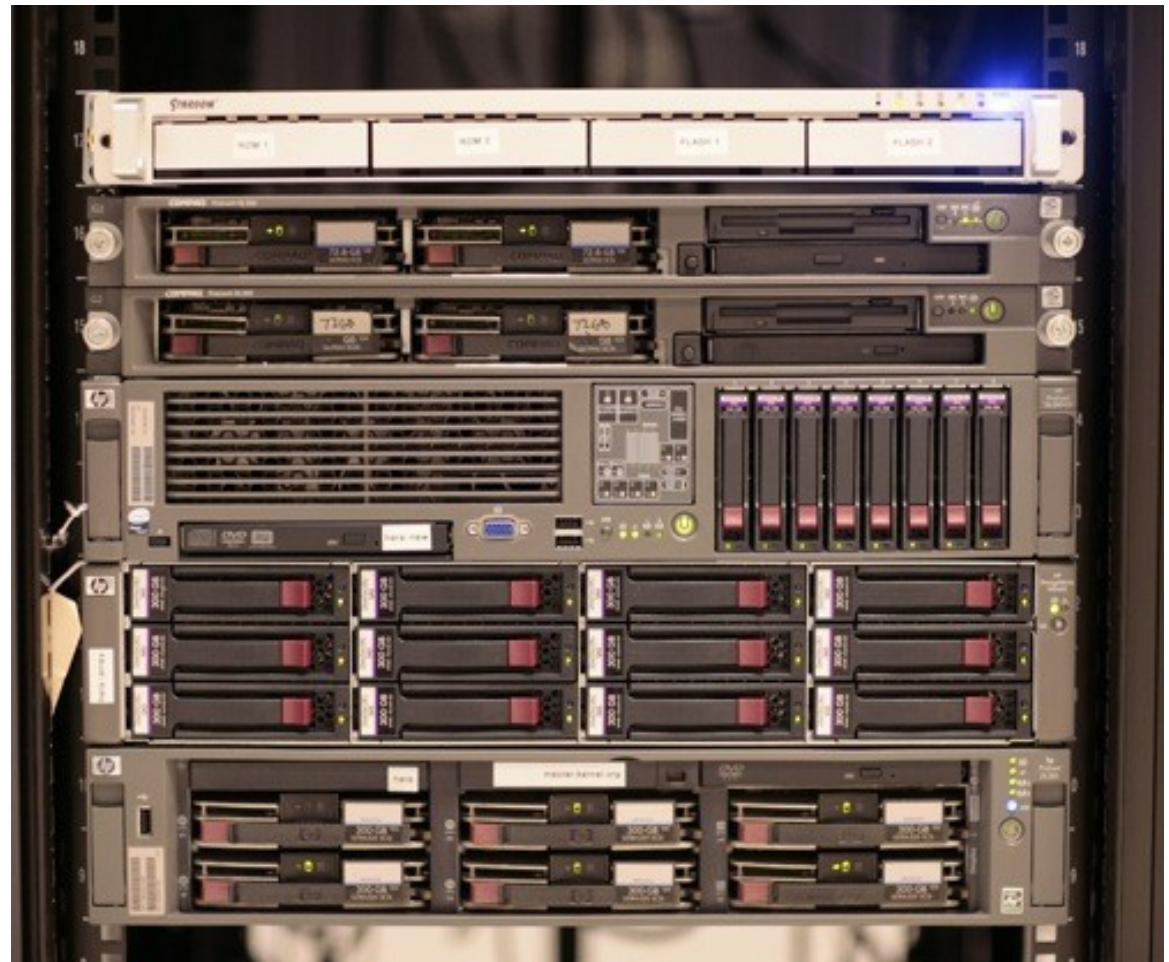

Open Source Lab Today

- Hosting
- Development
- Student Opportunities
- Events / Outreach

OSL Hosting Services

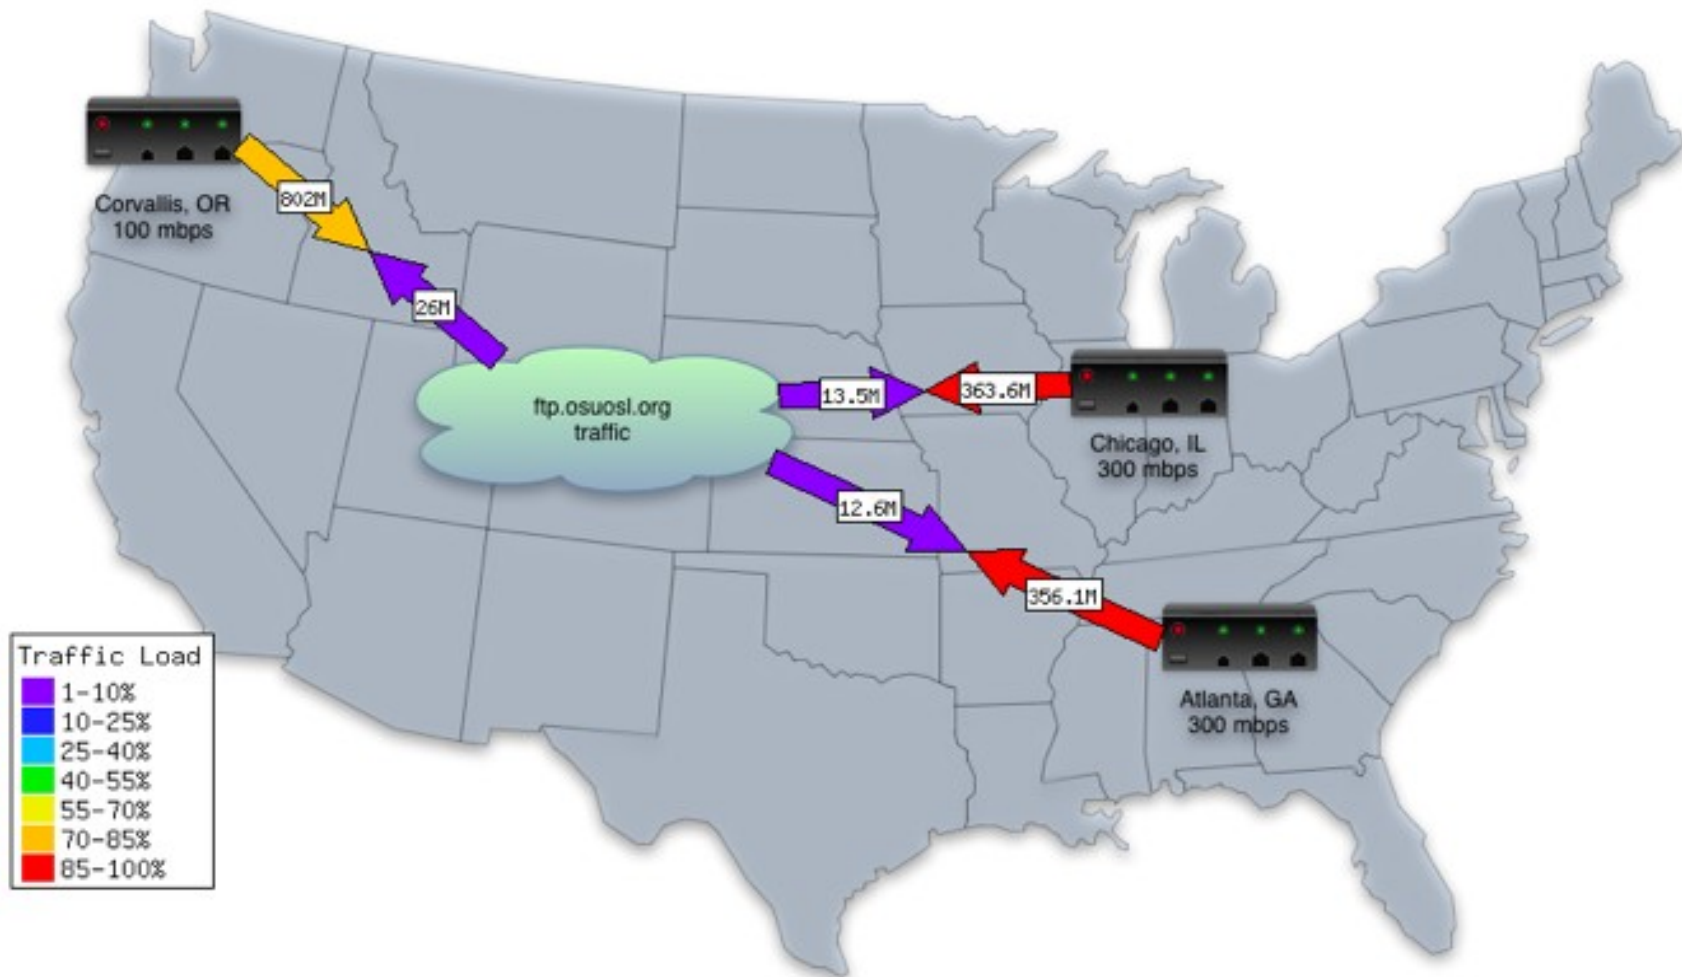

master.kernel.org
and friends

OSL FTP Mirrors

Created: Apr 24 2008 21:24:02

ftp.osuosl.org traffic monitor

Case Study: Drupal

“OSL's hosting infrastructure and skilled staff were essential to fueling the growth of Drupal worldwide.”

Dries Buytaert, creator of Drupal and co-founder of Acquia

OSL Development

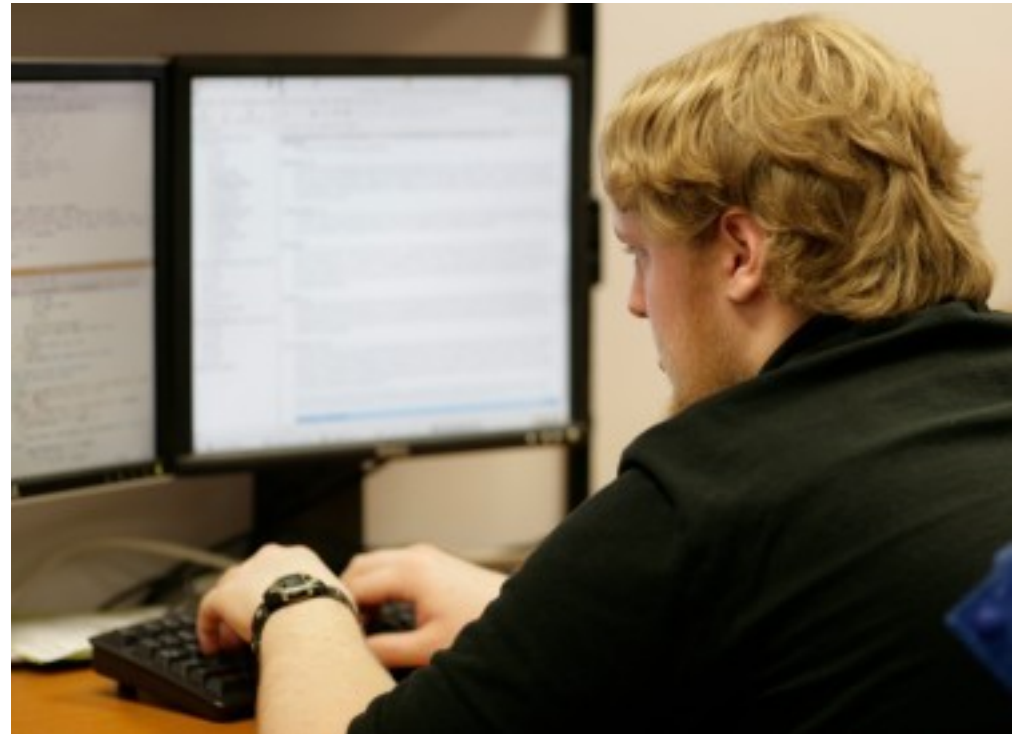

- Bouncer
- OLPC
- ORVSD
- TriSano

Students at OSL – Video

Students at OSL

- Developers and Sys Admins
- Work directly with hosted OSS projects
- Great experience

Outreach / Education: GOSCON

- 2008: International Summit
- 2009: Possible one-day event in D.C.

Advisory Council

- Seven members from industry and OSS projects
- Work directly with Jeff to help shape future of OSL

Funding Model

- Self Sustaining, non-profit
- Alliance = corporate donors
- Friends = individual donors

Open Source on Campus

- OSL
- LUG
- EECS
- OSEL

LUG: Firefox Crop Circle

EECS: Open Source in Curriculum

- BeaverSource
- OSWALD
- Linux (OS Course)
- OSS Elective
- Linux Sys Admin

OSEL: Beaver BarCamp

OSL Summary

- World-class hosting services
- Development of custom software
- Industry events and expertise
- Hands-on opportunities for students

Thank You!
